Turneffe Island Resort Turneffe Atolls, Belize - Oct 14 - 21, 2017

Rogue Aquatics is off to explore the beautiful country of Belize. Join us for an incredible dive trip next summer. Our dive trips are about great diving, staying at great resorts and most of all, having an absolute fantastic time!

Enjoy amazing diving through the deep coral canyons built by staghorn, elk-horn and brain corals. Many dive sites start in as little as 45 feet of water, but they can drop to 90 feet or more.

All the usual Caribbean reef fish suspects will be there, from tiny tropicals to reef sharks and turtles. We'll travel over to the Blue Hole and Turneffe Elbow to cap off an exciting week.

Dive Package Includes: 7 nights deluxe accommodations, taxes, round-trip boat transfers from Belize City, all meals and hor d' oeuvres, 15 single tank boat dives, day trip to Lighthouse Reef Atoll, Blue Hole and Half Moon Caye and 1 night dive.
